The LNGA made a major change in how you register for LNGA Championships in 2019. Thanks to the MAGA (Metropolitan Amateur Golf Association), the LNGA converted to an upgraded USGA Tournament Management powered by Golf Genius platform that will be used for scoring, communications, etc. Going forward, that same platform is being put into place to streamline the registration process and enhance the player experience.

In memory of Wilma Gilliland

It is with a saddened and heavy heart we pass along the news about Wilma's passing. We, as individuals and an organization, have lost a great friend and colleague. Our sympathy goes out to all of her family. But, also, let us share our sympathy with many of you who knew her and were great friends. Please share with others who may have known Wilma.
